Flexibility

Part Circle and
Full Circle capability

Solid Build

Pressure die cast
Aluminium alloy
body & arm

Adjustable Diffuser Screw

allows stream breakage
even at low pressure

Superior Quality

Brass and Teflon
bearing assembly

TS 6 BG

1 1/2" Rain Gun

Application Suitable for irrigation of crops like sugarcane, maize & corn, tea, coffee. Extensively used in landscaping, horticulture and dust suppression. Specially designed for dual use of full field and edge on field.

TS 6 BG

1 1/2" Rain Gun

Features

- 1 1/2" BSP/NPT female threaded connection
- Aluminium pressure die-cast body and arm
- Stainless steel spring and pivot pin
- Premium quality brass and teflon bearing assembly
- Engineering plastic components
- Available in Full Circle as well as Part Circle models
